Master of Technology -
M.Tech., Software Professional

About Me

My name is Grace Hanusha and I am working as a Software Professional in the Private Sector. I grew up in an Upper Middle Class, Nuclear Family with Moderate Values. I am a single child. I am best described as an introvert and curious My Mom is from a Hindu background. I came to know God in 2010 in my graduation college in a fellowship. I came to know that God loved me and died for me. I was overwhelmed by His love. I have been attending full gospel, non-denominational churches. I believe in a word-based understanding of God. For me, God, His ministry, and my family define most of my interests and priorities. For me, marriage is a ministry to God and also I desire and pray that my marriage and future family will play a vital role in His ministry. I am looking for someone who is born-again, loves God, matured, rooted in the word, hungry for God, inclined in using their gifts for His ministry, clear in His calling. He should be willing to support my family (as I am single child).
