M.Tech., Consultant

About Me

When I was in VIth standard I was attracted to singing songs in house prayer. I believed in Jesus Christ through messages & baptized on 1-1-2004. Till now I continued his joy & protected his salvation. Growing up, I was a disciplined and focused student with a good academic record. I have pursued my Masters in Engineering. Currently working as Project Consultant/Research Associate in a US-based company located in Bangalore. I want to do by-focal evangelism, which means doing ministry & job parallely. I also finished bible training in Master of Divinity(M.Div) from a reputed Bible College. Currently associated with the ministry as a worship leader in a church. Also having the gift of writing, and singing songs for God, which are available on Youtube. I'm looking for a suitable companion. She should be more lovable than I love her. She can able accept me as now as I am and empower herself as she can. She can able to understand me, by looking at my eyes. I feel this is the right time to start a new phase of life. Feel free to contact me if the above resonates!

Personal
